

Join Our Vision Partying Team!

Do you want to make money while having lots of fun?!
Why not join our Vision Partying Independent Sales
Representative Program?

We offer a flat commission of 20% on all Vision Partying event vision boarding kit sales for representatives who organize and host a successful event (minimum of 10 people) on behalf of us! All you have to do is invite as many people as you like to your Vision Partying Vision Board event, market and decorate your party per your liking and take the lead as our party host.

No worries, our parties are easy and we can give you all the training (via zoom) you need to get you up to speed. To make things easy for you, we will set your party up on our Vision Partying Shop website and on our Event Brite shop. Your guests will have the choice to have their vision boarding event kit mailed to them or you, being the host.

Each kit will include everything your guests need, except magazines, to create their vision board. Guests will be encouraged to bring their own magazines. As a host, you will want to have plenty on hand as an option for your guests as well.

We understand you may have costs associated with your choice venue. For a fee, we can work with you to help you recover these costs by adjusting your event ticket price.

From your successfully hosted Vision Partying Vision Board event, you will earn 20% commission on each vision board kit sold from every participant you invite. If you organize an event for 30 people, and 30 people purchase a vision boarding kit, you will earn \$450 in one day!

Plus for your very first successfully hosted party you will get a free materials kit for yourself and will have so much fun!

This is an awesome opportunity for people who are looking for:

- Flexible schedule
- Work from anywhere
- To increase their energy
- Fulfilling ways to pass their time in social settings
- Help others and change people's life's! (Yes our events and workshops do that!)
